TOPIC THIS WEEK

The AI workflow that follows up with every no-show automatically -- mode: objection-led

EMAIL PREVIEW

Hey {{first_name}},

Most businesses treat a no-show as a **lost appointment**.

It isn't. It's a lead who already said yes once.

Look...

The usual reason they don't follow up isn't laziness.

It's awkward. Nobody wants to text "where were you?"

So...

The AI Growth Engine handles it for you.

Within minutes of a missed appointment, a friendly, no-pressure message goes out.

It offers two or three new times. When they reply, **it rebooks them onto your calendar**.

No guilt. No chasing. No awkward text.

Now, the obvious objection: "Won't it feel pushy?"

Not when the message is short, human, and makes rescheduling a one-reply job.

This works best for businesses that book 1:1 appointments. If that's not you, skip this one.
